Re: BARC 912 PROCESS

Sisters and Brothers,

An email was released in the field citing amendments to the 912 process, resulting from the Bargaining Committee's meeting with the company during the week of March 3rd, 2008.

Please be advised that the language has yet to be finalized, as it is in the process of being translated and reviewed in both languages. Once this process has been completed, a detailed document will be released with the amendments, including the agreed to date of implementation from the Ontario and Quebec Regional offices.

Until then, it is status quo with respect to the existing 912 process.

In solidarity,

Kim L. Beemer
