

## BARGAINING REPORT #2

### 2011 NEGOTIATIONS WITH BELL ALIANT FOR CEP CRAFT & SERVICES MEMBERS

November 11, 2011

Brothers and Sisters,

Bargaining continued this week between the Union and Employer. We are currently working through the non-monetary demands and will address the monetary later in the bargaining process.

The Union demands as well as the Employer demands can be found on the CEP National website <<http://www.cep.ca/>> [www.cep.ca](http://www.cep.ca) .

As indicated in our previous report, as this process continues there will no doubt be rumours in the field along with managers asking your opinion. We ask that you do not engage in these types of activities as they can negatively impact the work being done by your committee during the bargaining procedure.

We will meet again with the Employer on November 29, 2011.

We thank you for your continued support.

Strength Through Unity

Your Bargaining Committee
