**Re: Follow-up to our July 2007 Memo re pension statements**

---

After discussions with Bell Canada, Pierre Bujold, V-P of Transervice reported to me that our members would receive a personalized package at home during the last week of October or first week of November with their pension statements.

The Company will be scheduling information sessions via Conference call in Quebec and Ontario approximately one (1) week after the statements have been issued. A Bell representative will explain the packages received by reviewing a typical case, followed by a brief question and answer period. A contact number will be provided shortly after the sessions in order to address any specific and personal questions you may have.

I have also notified Mr. Bujold that CEP Local Officers have expressed interest in participating in this conference call so that they can assist the membership, which has been agreed to. Once a firm date has been set for the information sessions the company will forward the details to our members and I will ensure that the Local Officers are notified.

In addition to the above, I have been made aware that Transervice members have been denied access to PAPP (Paid Absence Prior to Pension). The matter is under investigation. I will report back as soon as possible on this matter.

Finally, the Transervice Agreement is almost complete. I will have the English copy of the Agreement by the end of this week. When both provinces confirm that all the applicable language pertaining to the Mechanics from the Bell Collective Agreement, as well as the changes from the ratified Memorandum have been correctly incorporated, I will arrange for printing and distribution to the field.

In solidarity,

*K. L. Beemer*

Kim L. Beemer  
National Representative.
