BELL CRAFT

Craft and Services Employees

Brothers & Sisters:

Since our last communication announcing the end of talks at the bargaining table and the Union's Road Show to obtain a strike vote, the Company's leaders have directly contacted Unifor National President Jerry Dias. Essentially, the Company has demonstrated interest in pursuing further discussions at the bargaining table.

On a conference call held on December 27th between the bargaining committee members and Jerry Dias, we have agreed to the following:

The scheduled start date of January 9th, 2017 for the Road Show meetings for a strike vote is cancelled and will be scheduled at an appropriate time.

We will return to the bargaining table along with Jerry Dias on January 13th, 14th, 15th and 16th in Montreal.

There is strength in solidarity!
